Joy on the Farm.
The maple begins to shuck its leaves.
The apple is waxing fat.
The swallows are nestling under the eaves.
And Maudie has changed her hat.
The silo throbs with a soothing thump
Where the farmer hushes corn;
There's frost on the soap by the old chain pump
At the dawn of the early morn.
The tadpole's no longer a tadpole lithe
In the depth of the bosky bog.
He's changed his form, and his song's more lithe
In the choral role of the frog.
The poor gate hinge has lost its shriek;
The boarder has gone, away!
And Eli will come in the eve to speak
His love in the same old way.
The wood shed's piled to the roof again.
The cellars are full galore.
We don't care a darn for the wind and rain
Or the frost and cold no more.

ALFRED A. BUCK DEAD

MISSING CASHIER OF MAPLETON (MINN.) BANK SAID TO HAVE COMMITTED SUICIDE.

DIED AT SAN ANTONIO, TEX.

ENDED HIS LIFE WITH CARBOLIC ACID ON THE OUTSKIRTS OF THE SOUTHERN CITY.

San Antonio, Tex., Oct. 31.—The dead body of a man who had committed suicide by carbolic acid poisoning was found in the bushes in the outskirts of the city and by means of a description, a photograph, and marks on the body, has been identified by officers as Alfred A. Buck, who is wanted in Mapleton, Minn., for embezzling \$17,000 from the Mapleton state bank at that place.

Buck left Mapleton Oct. 10 and appeared in San Antonio on Oct. 20, registering as George M. Hall of Clinton, Mo.

The body in every respect fills the description of Buck. Mapleton authorities have been advised.

"GRAFTING" IN MINNEAPOLIS.

Grand Jury Adjourns After Submitting Its Report.

Minneapolis, Oct. 31.—The grand jury adjourned yesterday and handed in its report. "Grafting" in the city council forms the subject of the opening chapter.

"Grafting," says the report, "has existed in the Minneapolis council for years and has flourished mainly because of the indifference with which it has been regarded by the public at large and the complacency with which many corporations, firms and individuals have paid tribute, year after year, to little coteries of aldermen, who may be best described as legislative highwaymen."

"On one side we find what may be termed the 'hold-up,' and on the other the holding forth of temptation that privileges not consistent with the general welfare of the city or interests of the taxpayers may be secured. In other words, it appears that there are and have been aldermen whose practice it is to block legislation until a price is paid to expedite legislation for a fee."

"Evidence presented strongly indicates that money is often used and improper influences exerted in the election of such city officials as are chosen by the council."

The report recommends an investigation of the charges against its former foreman, C. A. Quist, who resigned because it was alleged he asked for money to stop the grand jury investigation of council "graft."

KRIKORIAN PLEADS NOT GUILTY.

Armenian Journalist Charged With Being a Fugitive From Justice.

Boston, Oct. 31.—Standing before a United States commissioner Friday, Vahtan Krikorian, the Armenian poet, journalist and orator, who was arrested Thursday upon his arrival from London, where during his voyage to this country Sagatel Sagouni had been murdered, demanded to know on what charge he was being held.

Upon being told that he was charged with being a fugitive from justice because of having committed "political murder," Krikorian demanded proof. This the commissioner was unable to give at this time and asked Krikorian to plead. He pleaded "not guilty." Pending the arrival of direct charges, Krikorian was sent back to jail.

During the proceedings several Ar-

menians were present, including Editor Kureghian of Young Armenia and Peter Kazercas. The latter declared that they were in readiness to give testimony but were informed that they would not be needed until later.

To the police, Editor Kureghian stated that Krikorian is the head of the London central committee and that it was he who ordered Kureghian's murder and attempted personally to assassinate him several months ago when he was editing a paper in London.

Krikorian, while somewhat nervous, shows no great alarm over his detention.

WARLIKE OUTLOOK.

Japs Have No Hope of Peaceful Settlement in the Far East.

London, Oct. 31.—The Morning Post says it understands that Japan is by no means prepared to acquiesce in the suggestion that she give Russia a free hand in Manchuria in exchange for a Japanese free hand in Korea. Japan contends, says the Morning Post, that the two questions are entirely separate, that Korean independence has already been secured by convention and that as Manchuria was restored to China by Japan at the instigation of European powers, she naturally cannot consent to its occupation by Russia.

The correspondent of the Daily Mail at Kobe quotes the Hoshi Shimun of Tokio to the effect that the diplomatic corps of the Japanese capital have no hope of a peaceful settlement of the pending difficulties.

Even Baron Shibusawa, at a meeting of the bankers' union, advocated war, although the interest of the bankers is logically in the direction of peace.

Denied by Chairman Bixby.

St. Paul, Oct. 31.—Tams Bixby, member of the Dawes commission, which has charge of Indian affairs in Indian Territory, is in St. Paul, and when seen by a reporter regarding the charges that commissioners have profited by land deals which have recently been made against the members of the commission and which are soon to be investigated, said the commission had no fear of an investigation into its affairs, and flatly denied the charges.

TRIBUTE TO THEIR DEAD.

Salvation Army Mourners Listen to Sermon by Booth-Tucker.

Chicago, Oct. 31.—Surrounded by 3,000 Salvation Army mourners who had gathered at Princess rink last night to pay tribute to the memory of Mrs. Emma Booth-Tucker, who was killed in a railroad wreck last Wednesday night, Commander Booth-Tucker, in a sermon full of pathos, told of the many good deeds performed by the dead leader. While speaking, the husband, grief-stricken and weeping, stood at the head of the casket. When the eulogy was finished there was not a dry eye in the audience. The memorial services were participated in by many prominent officers of the army.

At the conclusion of the ceremonies the casket containing the body was removed to the Pennsylvania depot and will be taken to New York today. Commander Booth-Tucker will travel on the same train and will be accompanied by a number of other officers. On arrival of the funeral train in New York another service will be held and later the body will be sent to London for interment.

FROM THE CHARGE OF PERJURY.

Brigadier General Chase of Colorado Will Be Exonerated.

Denver, Oct. 31.—Brigadier General John Chase, commander of the National Guard of Colorado, now on trial before a courtmartial, will be exonerated from the charge of perjury. When the court met Friday it was announced that no further evidence on this charge would be required and a recess was taken at the request of General Chase's attorneys, to give the defense further time to arrange his defense to the charges of disobedience and insubordination. A member of the court, on being asked for his opinion of the significance of the abrupt closing of the hearing on the perjury charge, replied that it amounted practically to an acquittal.

IN FINANCIAL TROUBLE.

Bankruptcy Proceedings Against a La Crosse, Wis., Company.

La Crosse, Wis., Oct. 31.—Application was made before the local clerk in bankruptcy during the morning for the La Crosse Cheese and Butter company to show cause why it should not be adjudicated bankrupt. Local attorneys have hundreds of claims against the company, which has been doing a large business throughout the Northwestern states.

The financial troubles were precipitated through an effort on the part of the corporation to corner the cheese market in the Northwest. The firm now has stored in warehouses in Chicago, St. Louis, St. Paul, Minneapolis and Milwaukee \$300,000 worth of cheese.

AFTER THE MAD MULLAH.

England, Italy and Abyssinia Will Attempt to Crush the Fanatic.

Rome, Oct. 31.—News from Somalia and gives assurance that the present prospects of victory for the Mad Mullah are bad. Great Britain has taken steps looking to decisive action for the annihilation of the Mullah's power. Italy, co-operating with Great Britain, has ordered the gunboat Voltorno and the cruiser Cristof Colombo to reinforce its Red Sea squadron.

At the same time Emperor Menelik of Abyssinia has been urged to expedite the attack of his troops on the Mullah's forces, thus catching him between two fires.

WORK OF WRECKERS

SANTA FE PASSENGER TRAIN DERAILLED IN COLORADO AND THIRTY PEOPLE HURT.

SPIKES PULLED FROM RAILS

PARTY OF EASTERN BANKERS ON THE TRAIN, WHICH PLUNGES INTO A SMALL STREAM.

Pueblo, Colo., Oct. 31.—By an act of train wreckers, eastbound Santa Fe passenger train No. 6, known as the Colorado-Chicago "Flyer," in which was one car filled with Eastern bankers homeward bound from California, was derailed at 1:40 o'clock a. m. at Apishapa Creek, thirty-five miles east of this city, and, breaking down the steel bridge, the engine and four cars following plunged to the bed of the creek, where they were piled in a mass of wreckage. Thirty or more trainmen and passengers were injured, and that no one was killed outright is regarded as almost miraculous.

The injured are: Engineer John E. Walker, La Junta; badly scalded, may die; J. G. Benson, Cold Harbor, N. D., face cut, teeth knocked out.

The others were mostly residents of Colorado, Kansas and other Western states and none suffered serious injury.

The wrecked train was made up at Denver and at Pueblo. The car Del Rosa, in charge of S. A. Kimberly and carrying eighteen Eastern bankers, was attacked to it. The train was bowling along at a speed of fifty miles an hour as it approached Apishapa, between Magnolia and Fowler.

At the west end of the bridge the rails spread, derailing the engine, and when it struck the bridge one span 100 feet long went down. The engine, two baggage cars and a chair car and a coach rolled over on their sides to the creek bed, a distance of about fifteen feet. Fortunately, little water was running in the creek at the time. One Pullman stopped with the forward end projecting over the embankment.

Only Car Not Derailed.

The bankers' car was the only one in the train that was not derailed.

When the engine rolled over, Engineer Walker was pinned under his cab and he was immediately enveloped in a dense cloud of steam. Some time elapsed before he was rescued by other members of the train crew with the assistance of some passersby.

Engineer Walker said that the first intimation he had of anything wrong was when the drivers suddenly began bumping the times. He hastily closed the throttle and reversed the lever. The engine and cars plowed over the ties at least fifteen feet, and the extraordinary strain put on the bridge caused the structure to collapse.

Members of the train crew were dispatched to Fowler to notify the Santa Fe officials of the accident, and relief trains were sent to the scene of the accident as quickly as possible from Pueblo and La Junta. When these trains arrived at the creek all the injured had been removed from the wreckage. The cars were not badly broken up, and the passengers in them had escaped with bruises, strains and cuts. After their wounds had been dressed they were piloted across the dry bed of the creek and with the passengers who were uninjured were taken to La Junta in a special train.

An investigation showed plainly that the spikes had been pulled from three rails. The motive of the wreckers is a mystery, as no robbery was attempted.

A man giving the name of John Duffy was arrested here.

FREIGHT TRAINS COLLIDE.

Three Trainmen Injured in Wreck at Norwood, Minn.

Minneapolis, Oct. 31.—Three men were injured, one perhaps fatally, last night in a wreck on the Milwaukee road at Norwood, Minn. The crash was between two freight trains and was caused by the unaccountable throwing of a switch, said to have been turned by a section foreman. The injured are: W. J. McGinn, brakeman, may die; William Eggenberger, fireman; Martin Schaffer, engineer, all of Minneapolis.

Several cars were demolished and the engine was thrown from the track. The uninjured engine was hurried to Minneapolis and the three men carried to St. Barnabas hospital, where their wounds were dressed.

BAD FIRE AT PHILADELPHIA.

One Person Dead, Another Missing and a Dozen Injured.

Philadelphia, Oct. 31.—One person dead and possibly two, a dozen persons injured and a property loss of more than \$200,000, is the result of a fire which occurred Friday in the block bounded by the Schuylkill river, Race, Vine and Twenty-third streets.

Charles Messmer, aged sixteen, is dead, and Harry McWilliams, a roofer, is missing.

The buildings destroyed were the flour mill of W. S. Woodward & Sons and the Baltimore and Ohio grain elevator, which adjoined the Woodward structure. The wagon works of H. Kaiser & Co. were damaged by falling of a wall on the roof.

New line of trunks and grips just received at D. M. Clark & Co.

The Delightful Journey.

Those who never travel will find little of interest herein. All others realize that fast train schedules, luxurious sleeping cars and day coaches, beautiful scenery, smooth road bed, superb dining car service, and courteous attendants, are matters of decided interest and importance. On account of the splendid scenery the Erie Railroad has for half a century been known as "The Picturesque Trunk Line of America," and the other features that make a journey delightful are provided on the through fast express trains. Are you planning a trip to the east? During the months of October and November, the foliage tints in the mountains are exquisite.

CATARRH CURED WITHOUT DRUGS

Hyomei Medicates the Air You Breathe, Kills the Germs and Cures the Disease.

Hyomei cures catarrh thoroughly and permanently, because it reaches the smallest air cells in the head, throat and lungs, kills the germs causing the disease and drives it from the system. Hyomei goes to the root of the disease, destroys the cause, and makes permanent cures which can be effected in no other way. Breathe it for a few minutes four times a day and benefit will be seen at once. Continue this treatment for a few weeks and Hyomei will have cured you.

The Hyomei breathed through the neat pocket inhaler furnished with each outfit ningles with the air you breathe. It is a local and direct treatment for eradicating all catarrh germs in the mucous membrane and tissues and in this way cures catarrh in any part of the system. Used in connection with Hyomei Balm it has been successful in curing the worst and most deep-seated cases of catarrhal deafness.

The complete Hyomei outfit costs \$1 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50c.

Stronger than any claims that can be made in an advertisement is the fact that H. P. Dunn & Co. will give their personal guarantee with every Hyomei outfit they sell to refund the money if the purchaser can say that Hyomei has not given satisfaction.

THE TRANSFER

WAS MADE TODAY

And Tomorrow Morning Messrs.

G. E. Trent and G. R. Kapler Assume Control.

OF ARLINGTONHOTEL, BRAINERD

New Management Comes Highly Recommended and City is to be Congratulated.

The Arlington hotel, which has been the subject of much discussion in business circles during the past month or six weeks, was finally transferred this morning to Messrs. George E. Trent, of Minneapolis, and George R. Kapler, of Wadena, and tomorrow morning, November 1, they will take charge. This announcement was made after a consultation lasting several hours between Landlord R. R. Wise and the above named gentlemen.

The deal has been pending for some time, but like all deals of this nature it is not a deal until the last scratch of the pen is made. The gentlemen who have been interested in purchasing the hotel are in the city with their wives and they expect to take active charge at once.

George E. Trent will be the manager and will look after the business, Mr. Kapler still retaining his position on the road with Wyman, Partridge & Co. of Minneapolis. The latter will, however, move his family to this city and his wife will assist in the details about the place.

Mr. Trent is the practical man of the firm, having had years of experience in the business. He was for years proprietor of the Long Prairie house and would probably have been there yet, but he burned out a short time ago. He was also proprietor of the Wadena Hotel for years and before that time run the best hotel at Olivia. He has had wide experience in the business and seems to be just the man for the place.

Mr. Kapler, who has traveled in the northwest for years for the firm of Wyman, Partridge and company, is very popular among the traveling men, as also is Mr. Trent. They have a wide acquaintance among this class of men and cannot help but draw a good patronage from the start.

While the new firm has not had time to think over future plans a great deal, it is given out that they will make many improvements and in a short time expect to place the Arlington hotel in a class with the very best hotels in the country. Special attention will be given the service and general care of patrons and to this end every effort will be made to please the most fastidious.

Brainerd is to be congratulated on the advent of this very strong firm in the city, for being thorough business men who expect to be on the progressive, they are sure to add to Brainerd's commercial interests. The Dispatch joins with the entire city in extending welcome to Messrs. Trent and Kapler.

R. R. Wise will look after his varied other interests in the future, and having the hotel off his hands he states that he feels quite relieved.

A CHARMING PARTY.

Misses Kitty Walker and Clara Small Entertain a Large Company of Friends in Waker Hall.

One of the most charming and delightful social affairs for some time was the one which occurred last night at Walker hall, when the Misses Kitty Walker and Clara Small entertained about one hundred of their friends in the city. Throughout, in the decorations and the appointments, the Halloween spirit prevailed and it was a very unique affair in many ways. Japanese lanterns were hung from cords strung from the walls to the center of the room and these lighted made a beautiful scene. In the corners of the room were arranged some rustic plants and the jardeniers were made of pumpkins. The Graham orchestra was placed on a rostrum at the west side of the hall and instead of being surrounded by palms, as is the usual custom, the rostrum was lined with clusters of wheat, giving a very pleasing effect.

Frape was served from jars set in pumpkins and the dishes were carved from pumpkins. Frape, wafers, coffee and sandwiches were served from a booth in one corner of the room.

The event was a very delightful one and so unique in its arrangement that those present could not help but enjoy every minute. Dancing was the diversion of the evening.

All others realize that fast train schedules, luxurious sleeping cars and day coaches, beautiful scenery, smooth road bed, superb dining car service, and courteous attendants, are matters of decided interest and importance. On account of the splendid scenery the Erie Railroad has for half a century been known as "The Picturesque Trunk Line of America," and the other features that make a journey delightful are provided on the through fast express trains. Are you planning a trip to the east? During the months of October and November, the foliage tints in the mountains are exquisite.

CATARRH CURED WITHOUT DRUGS

Hyomei Medicates the Air You Breathe, Kills the Germs and Cures the Disease.

Hyomei cures catarrh thoroughly and permanently, because it reaches the smallest air cells in the head, throat and lungs, kills the germs causing the disease and drives it from the system. Hyomei goes to the root of the disease, destroys the cause, and makes permanent cures which can be effected in no other way. Breathe it for a few minutes four times a day and benefit will be seen at once. Continue this treatment for a few weeks and Hyomei will have cured you.

The Hyomei breathed through the neat pocket inhaler furnished with each outfit mingles with the air you breathe. It is a local and direct treatment for eradicating all catarrh germs in the mucous membrane and tissues and in this way cures catarrh in any part of the system. Used in connection with Hyomei Balm it has been successful in curing the worst and most deep-seated cases of catarrhal deafness.

The complete Hyomei outfit costs \$1 and comprises an inhaler, a bottle of Hyomei and a dropper. The inhaler will last a lifetime; and additional bottles of Hyomei can be obtained for 50c. Stronger than any claims that can be made in an advertisement, is the fact that H. P. Dunn & Co. will give their personal guarantee with every Hyomei outfit they sell to refund the money if the purchaser can say that Hyomei has not given satisfaction.

THE TRANSFER WAS MADE TODAY

And Tomorrow Morning Messrs.

G. E. Trent and G. R. Kapler Assume Control.

OF ARLINGTONHOTEL, BRAINERD

New Management Comes Highly Recommended and City is to be Congratulated.

The Arlington hotel, which has been the subject of much discussion in business circles during the past month or six weeks, was finally transferred this morning to Messrs. George E. Trent, of Minneapolis, and George R. Kapler, of Wadena, and tomorrow morning, November 1, they will take charge. This announcement was made after a consultation lasting several hours between Landlord R. R. Wise and the above named gentlemen.

The deal has been pending for some time, but like all deals of this nature it is not a deal until the last scratch of the pen is made. The gentlemen who have been interested in purchasing the hotel are in the city with their wives and they expect to take active charge at once.

George E. Trent will be the manager and will look after the business. Mr. Kapler still retaining his position on the road with Wyman, Partridge & Cos. of Minneapolis. The latter will, however, move his family to this city and his wife will assist in the details about the place.

Mr. Trent is the practical man of the firm, having had years of experience in the business. He was for years proprietor of the Long Prairie house and would probably have been there yet, but he burned out a short time ago. He was also proprietor of the Wadena Hotel for years and before that time run the best hotel at Olivia. He has had wide experience in the business and seems to be just the man for the place.

Mr. Kapler, who has traveled in the northwest for years for the firm of Wyman, Partridge and company, is very popular among the traveling men, as also is Mr. Trent. They have a wide acquaintance among this class of men and cannot help but draw a good patronage from the start.

While the new firm has not had time to think over future plans a great deal, it is given out that they will make many improvements and in a short time expect to place the Arlington hotel in a class with the very best hotels in the country. Special attention will be given the service and general care of patrons and to this end every effort will be made to please the most fastidious.

Brainerd is to be congratulated on the advent of this very strong firm in the city, for being thorough business men who expect to be on the progressive, they are sure to add to Brainerd's commercial interests. The Dispatch joins with the entire city in extending welcome to Messrs. Trent and Kapler.

R. R. Wise will look after his varied other interests in the future, and having the hotel off his hands he states that he feels quite relieved.

A CHARMING PARTY.

Misses Kitty Walker and Clara Small Entertain a Large Company of Friends in Waker Hall.

One of the most charming and delightful social affairs for some time was the one which occurred last night at Walker hall, when the Misses Kitty Walker and Clara Small entertained about one hundred of their friends in the city. Throughout, in the decorations and the appointments, the Halloween spirit prevailed and it was a very unique affair in many ways. Japanese lanterns were hung from cords strung from the walls to the center of the room and these lighted made a beautiful scene. In the corners of the room were arranged some rustic plants and the gardeners were made of pumpkins. The Graham orchestra was placed on a rostrum at the west side of the hall and instead of being surrounded by palms, as is the usual custom, the rostrum was lined with clusters of wheat, giving a very pleasing effect.

Frappe was served from jars set in pumpkins and the dishes were carved from pumpkins. Frappe, wafers, coffee and sandwiches were served from a booth in one corner of the room.

The event was a very delightful one and so unique in its arrangement that those present could not help but enjoy every minute. Dancing was the diversion of the evening.

Boat Containing Party of Young People Capsizes.

Grand Rapids, Wis., Oct. 31.—A party consisting of Carl Malls and sister Emma Malls, Nellie Olson, Henry Martin, Fred Shearler and Varnum Shearler attempted to cross the Wisconsin river above Blron dam during the evening.

Emma Malls, Carl Malls and Nellie Olson were drowned. The party was bound for a dance at the north shore. The boat was small and the occupants noisy. The boat dipped and sank three rods from shore in twelve feet of water. The men swam to shore and the girls attempted to follow. Carl Malls and Fred Shearler returned to the rescue. Carl Malls was pulled under water by Nellie Olson.

The drowned girls were eighteen years old and the man was twenty-three.

CRANK CALLS ON ROOSEVELT.

Wants the President to Make Airships Stop Bothering Him.

Washington, Oct. 31.—Edward Tanner, thirty-three years old, a native of Switzerland and a "crank," tried to see the president Friday, but he did not get far beyond the doors of the executive offices before his condition was discovered. He was taken to police headquarters and later to St. Elizabeth insane asylum. His delusion was that he was being continually pursued by airships. He thought the president would make them stop bothering him. Tanner said he had a wife in Memphis, Tenn., but that he came direct from Northern Montana to see the president. He has been in the city since Monday.

Des Moines Police Find Body of an Un-
known Man.

Des Moines, Ia., Oct. 31.—While dynam-
iting the river for the body of Miss Lily Cole, who committed suicide by
jumping from the Walnut street bridge last Tuesday, the police not
only brought up the body of the girl, but that of an unknown man. There
was nothing on the body by which it could be identified, and the remains
were so badly decomposed that recognition was impossible. The skull was
crushed and the police believe the body may be that of a wealthy stock-
man named Jones, who disappeared in this city some time ago, and who was
thought to have been murdered for his money.

Milwaukee Man Arrested for Obtain-
ing Money Under False Pretenses.

Milwaukee, Oct. 31.—Former In-
spector Fred Holden, Jr., of the Mil-
waukee county house of correction
was arrested last evening on a second
warrant charging him with obtaining
over \$600 from the county under false
pretenses. As in the first instance of
arrest, the complaint alleges the money
to have been received through a
crooked lumber deal. Holden was ad-
mitted to bail.

Bemidji, Minn., Oct. 31.—Glen

dise from a tote wagon which broke
down in the woods near this city,

vey the stolen goods across Lake Be-

PARKS FOUND GUILTY
NEW YORK WALKING DELEGATE
CONVICTED OF EXTORTION
FOR SECOND TIME.
JURY OUT TWELVE MINUTES
LABOR LEADER OBTAINED FIVE
HUNDRED DOLLARS FROM
CONTRACTING FIRM.

New York, Oct. 31.—For the second
time within two months Samuel J.
Parks, walking delegate of House-
smiths' and Bridgemen's Union Local
No. 2, was convicted of the crime of
extortion in the court of general ses-
sions Friday afternoon. It took the
jury just twelve minutes, during
which time they took two ballots, to
agree on the guilt of Parks in extort-
ing \$500 from the Tiffany studios, a
firm of contractors, under threat of
keeping them from continuing work
on buildings last January. It was
shown at the trial that Parks had ob-
tained \$500 from the Tiffany firm as
an "initiation fee" last January, when
the Housesmiths and Bridgemen were
on strike on three of the Tiffany con-
tracts in this city. Parks claimed
that this money was a fine levied by
his labor union. Later the fact de-
veloped that Parks had been disloyal
to his union, inasmuch as he per-
mitted the Tiffany firm to employ nonunion
men on certain jobs after having re-
ceived the \$500. This accusation was
not denied by the defendant or his
counsel during the trial, but the latter
contended that Parks had given the
money to the treasurer of his organiza-
tion, and that the entire transaction
was a business deal which, instead of
being a crime, afforded considerable
business advantages to the firm which
paid the money. Counsel for Parks
endeavored to introduce certificates
as to the prisoner's delicate state of
health, but Judge Newburger, before
whom the case was tried, refused to
admit them.

In his charge, Judge Newburger
said that it made no difference what
disposition Parks made of the money
after he had obtained it from the re-
presentatives of the Tiffany firm, if
in the belief of the juryman he had
obtained it under a threat direct or
implied, as that fact would constitute
extortion, the crime charged against
the prisoner.

When the jury was polled and the
verdict rendered, Parks glared at the
juryman with the same look of de-
fiance which he maintained during this
as well as his previous trial.

He was remanded for sentence a
week hence. Parks is now awaiting
the decision of the higher courts on a
writ of error, having been sentenced
after his first trial to a term of not
less than two and a half, nor more
than three and a half years in Sing
Sing prison.

tana, constitute the board of arbitra-
tion named by the Business Men's as-
sociation and labor unions of Mon-
tana to settle the differences between
the Amalgamated Copper company and
the Heinze faction. The govern-
or is expected to call a special session
of the legislature for Friday next, but
nothing official in regard to this can
be learned.

At the first session of the board of
arbitration James J. Hill was elected
president and the plan outlined.

The members of the committee were
the guests of Senator Clark at lunch-
on and dinner. Later in the evening
F. Augustus Heinze called at Senator
Clark's house by invitation and met
the members of the committee.

To a reporter Senator Clark would
say nothing beyond the fact that the
committee had organized by electing
Mr. Hill as chairman. The situation
had been discussed informally and the
committee wanted to have a talk with
Mr. Heinze to see what could be done
in arranging matters.

There are rumors that Governor
Toole has decided to call an extra ses-
sion of the legislature. Senator Gib-
son favored a plan to have the mines
start at once on the proviso that no
receiver should be appointed, pending
the hearing of the injunction by the
supreme court; that the legislature
should enact a law in special session
legalizing the existence of the Amal-
gamated Copper company.

ADDRESS BY GORMAN.

Maryland Democrats Hold a Mass
Meeting at Baltimore.

Baltimore, Oct. 31.—At a Democratic
mass meeting held last night at the
close of the campaign, speeches were
made by Edwin Warfield, candidate for
governor, and a number of leading
Democrats, including United States
Senator Arthur P. Gorman. An im-
mense crowd was present and the
speaking was preceded by stereopti-
con views illustrating the association
of white and negro delegates at the
late Republican state convention. The
important address of the evening was
that of Senator Gorman, who, in addi-
tion to his advocacy of the state
ticket and his exhortation of the Re-
publicans, referred to President Roo-
sevelt and the race issue at some length.

Mr. Gorman classed as unfortunate
the activity of President Roosevelt in
participating in his party's councils by
calling to Washington the prominent
Republicans of Maryland, and said
such interference in their domestic
affairs should be met with no uncer-
tain protest by the people of Mary-
land.

Mr. Gorman said he respected Pres-
ident Roosevelt, who was a man of fine
attainment, but young and impulsive,
and lamented his treatment of the race
problem, declaring that the Anglo-
Saxon would never tolerate the social
equality of the negro.

MAY PREVENT GENERAL STRIKE.

Chicago Packers to Confer With Labor
Leader.

Chicago, Oct. 31.—Negotiations have
been begun which will in all probab-
ility result in preventing the threatened
general strike of packing house em-
ployes throughout the country. Pres-
ident Michael Donnelly of the Amal-
gamated Meat Cutters and Butcher
Workmen's union received a communi-
cation from the Chicago packers last
night asking for a conference to bring
about a settlement of the difficulty.
Mr. Donnelly sent word that he was
ready to meet representatives of the
packers at any time or place they
might suggest. It is believed the
meeting will take place today.

The packing trades council will hold
a meeting tonight and a report from
President Donnelly on his conference
with the packers' representatives and
its result will form the basis for
whatever action is taken by the coun-
cil. The employees of the sausage
making and canning departments in
Chicago, who have been on strike for
several days, expect President Donnelly
to settle the trouble.

BECHTEL FAMILY ARRESTED.

Coroner's Jury Returns a Verdict in
Murder Case.

Allentown, Pa., Oct. 31.—The cor-
oner's inquest in the case of Mabel
Bechtel, whose body was found in an
areaway outside her home on Tues-
day morning last, was concluded last
evening with a verdict by the jury that
the young woman's death was due to
a fractured skull from a blow inflicted
at her home by some person unknown
to the jury, which held that the im-
mates of the house, Mrs. Catherine
Bechtel, Myrtha Bechtel, John Bechtel,
Charles Bechtel and Alois Eck-
stein are accessories after the fact of
the crime.

Warrants of arrest were served up-
on Mrs. Bechtel and the members of
her family and Eckstein last evening.
They were taken before Mayor Lewis,
who accepted bail for Mrs. Bechtel in
\$1,000, Myrtha Bechtel in \$400, and
Eckstein in \$500.

John and Charles Bechtel were com-
mitted to jail. Application for a writ
of habeas corpus will be made today.

THE ITCH KING OF THE BLOOD ECZEMA

The prevalence of Eczema among the young and old is due to the introduction of poison-
ous matter in the blood. Those pimples, sores and eruptions upon the face, neck and body
are all caused by impure blood. ECZEMA is a living fire to the blood, and the blood flows
the skin with the fuel of its impurities, remove the impurity and the trouble passes away.
MEDERINE is a special blood purifier that cleanses, filters and purifies the blood of
every possible taint, and quickly and permanently cures ECZEMA. The skin of face, neck, chest,
arms and legs is covered with red, white and inflamed spots, which
would scald, while between my toes the skin was so sore
that I could not wear shoes. I tried doctor's prescriptions and other
remedies but all failed. This is the reason that every bottle of MEDERINE
is sold on the positive and absolute guarantee that it will cure.

Eczema on Face and Neck.

Sam S. Clark, St. Joseph, Mo., writes: I have been
afflicted for years with pimples and blotches on my face
and neck. I was a sight to look upon. After trying all
the best known remedies for 18 months, I tried MED-
ERINE, and it cured me and my face is now free from
pimples, blotches and all signs of Eczema. Have found
an express order for another course of treatment for a
friend of mine.

Eczema Permanently Cured.

Mrs. Francis L. Cooley, Memphis, Tenn., says: I write
to tell you that my Eczema of twelve years' standing is
cured. All the little pustular eruptions on my face and
legs have disappeared. The skin of my face, neck, chest
and arms is covered with red, white and inflamed spots, which
would scald, while between my toes the skin was so sore
that I could not wear shoes. I tried doctor's prescriptions and other
remedies but all failed. This is the reason that every bottle of MEDERINE
is sold on the positive and absolute guarantee that it will cure.

THREE ARE DROWNED.
Boat Containing Party of Young Peo-
ple Capsizes.

Grand Rapids, Wis., Oct. 31.—A party consisting of Carl Mails and sister, Emma Mails, Nellie Olson, Henry Martin, Fred Shearier and Varnum Shearier attempted to cross the Wisconsin river above Biron dam during the evening.
Emma Mails, Carl Mails and Nellie Olson were drowned. The party was bound for a dance at the north shore. The boat was small and the occupants noisy. The boat dipped and sank three rods from shore in twelve feet of water. The men swam to shore and the girls attempted to follow. Carl Mails and Fred Shearier returned to the rescue. Carl Mails was pulled under water by Nellie Olson.
The drowned girls were eighteen years old and the man was twenty-three.

Wants the President to Make Airships Stop Bothering Him.

Washington, Oct. 31.—Edward Tanner, thirty-three years old, a native of Switzerland and a "crank" tried to see the president Friday, but he did not get far beyond the doors of the executive offices before his condition was discovered. He was taken to police headquarters and later to St. Elizabeth insane asylum. His delusion was that he was being continually pursued by airships. He thought the president would make them stop bothering him. Tanner said he had a wife in Memphis, Tenn., but that he came direct from Northern Montana to see the president. He has been in the city since Monday.

PARKS FOUND GUILTY

NEW YORK WALKING DELEGATE

CONVICTED OF EXTORTION

FOR SECOND TIME.

JURY OUT TWELVE MINUTES

LABOR LEADER OBTAINED FIVE

HUNDRED DOLLARS FROM

CONTRACTING FIRM.

New York, Oct. 31.—For the second time within two months Samuel J. Parks, walking delegate of House-smiths' and Bridgemen's Union Local No. 2, was convicted of the crime of extortion in the court of general sessions Friday afternoon. It took the jury just twelve minutes, during which time they took two ballots, to agree on the guilt of Parks in extorting \$500 from the Tiffany studios, a firm of contractors, under threat of keeping them from continuing work on buildings last January. It was shown at the trial that Parks had obtained \$500 from the Tiffany firm as an "initiation fee" last January, when the House-smiths and Bridgemen were on strike on three of the Tiffany contracts in this city. Parks claimed that this money was a fine levied by his labor union. Later the fact developed that Parks had been disloyal to his union, inasmuch as he permitted the Tiffany firm to employ nonunion men on certain jobs after having received the \$500. This accusation was not denied by the defendant or his counsel during the trial, but the latter contended that Parks had given the money to the treasurer of his organization, and that the entire transaction was a business deal which, instead of being a crime, afforded considerable business advantages to the firm which paid the money. Counsel for Parks endeavored to introduce certificates as to the prisoner's delicate state of health, but Judge Newburger, before whom the case was tried, refused to admit them.

In his charge, Judge Newburger said that it made no difference what disposition Parks made of the money after he had obtained it from the representatives of the Tiffany firm, if in the belief of the jurymen he had obtained it under a threat direct or implied, as that fact would constitute extortion, the crime charged against the prisoner.

When the jury was polled and the verdict rendered, Parks glared at the jurymen with the same look of defiance which he maintained during this as well as his previous trial.

He was remanded for sentence a week hence. Parks is now awaiting the decision of the higher courts on a writ of error, having been sentenced after his first trial to a term of not less than two and a half, nor more than three and a half years in Sing Sing prison.

PARRY ELECTED PRESIDENT.

Indianapolis Man Head of the New Industrial Association.

Chicago, Oct. 31.—With the election of D. M. Parry of Indianapolis as its president, the formation of the Citizens' Industrial Association of America was completed last night. The organization is national in scope and includes representative manufacturers, tradesmen, other employers of labor, local general organizations and citizens' alliances, having among other things as its object the dealing with the labor problem in all its phases.

Delegates from fifty-seven cities, from San Francisco to New York, including several in Canada, were present at the convention and at the concluding session all details of the plan of carrying on and extending the work of the organization were completed. Other officers were elected as follows: J. C. Craig, Denver, first vice president; E. M. McCleary, Detroit, second vice president; J. T. Holle, New York, third vice president; A. C. Rosencranz, Evansville, Ind., treasurer.

The secretary and an executive committee of fifteen members, of which the president, the three vice presidents and the treasurer shall be members, are to be named later.

A convention of the association will be held in Indianapolis next February.

REMAINS BADLY DECOMPOSED.

Des Moines Police Find Body of an Unknown Man.

Des Moines, Ia., Oct. 31.—While dynamiting the river for the body of Miss Lilly Cole, who committed suicide by jumping from the Walnut street bridge last Tuesday, the police not only brought up the body of the girl, but that of an unknown man. There was nothing on the body by which it could be identified, and the remains were so badly decomposed that recognition was impossible. The skull was crushed and the police believe the body may be that of a wealthy stockman named Jones, who disappeared in this city some time ago, and who was thought to have been murdered for his money.

ON A SECOND WARRANT.

Milwaukee Man Arrested for Obtaining Money Under False Pretenses.

Milwaukee, Oct. 31.—Former Inspector Fred Heiden, Jr., of the Milwaukee county house of correction was arrested last evening on a second warrant charging him with obtaining over \$600 from the county under false pretenses. As in the first instance of arrest, the complaint alleges the money to have been received through a crooked lumber deal. Heiden was admitted to bail.

Two Men Drowned.

Bemidji, Minn., Oct. 31.—Glen Adams and Charles Gregory, two men implicated in the theft of merchandise from a tote wagon which broke down in the woods near this city, were drowned while attempting to convey the stolen goods across Lake Bemidji Thursday morning.

HILL ELECTED PRESIDENT.

Board of Arbitration Holds a Session at Butte.

Butte, Mont., Oct. 31.—James J. Hill, president of the Great Northern, United States Senator Paris Gibson and Governor J. K. Toole of Montana arrived here Friday in Mr. Hill's private car and held a conference with United States Senator W. A. Clark at the latter's office. These men, with Congressman Joseph M. Dixon of Montana, constitute the board of arbitration named by the Business Men's association and labor unions of Montana to settle the differences between the Amalgamated Copper company and the Heinze faction. The governor is expected to call a special session of the legislature for Friday next, but nothing official in regard to this can be learned.

Eczema Permanently Cured.

Mrs. Francis L. Cooley, Memphis, Tenn., says: I wish to tell you that my Eczema of twelve years' standing is cured. All the little pustular eruptions on my face and neck have disappeared. The skin of my face for years was covered with red, itchy spots and in places the skin would scale, while between my toes the flesh would rot off, and the itching and burning at times was so unbearable. I tried doctor's prescriptions and other cures with no success.

MISS FAY LEE,

President of the Shakespearian Club, Kansas City.

"Your booklet came to my home like a message of health when I had suffered with headache, backache and bearing-down pains. I was weak, nervous and hysterical and had not consulted any doctor, thinking it would pass away in time, but instead I found that the pains increased and were more frequent. I decided to try Wine of Cardui and in a short time was much improved. It seemed to act like a charm. I kept up the treatment and the result was most satisfactory. Words fail to express my gratitude for the suffering that is now passed. I am in fine health, physically and mentally. I can only say 'thank you', but there is much more in my heart for you."

BEARING-DOWN pains are the worst that women know. If you are suffering from this trouble you need not be uncertain about it. The pains in the abdomen and back that feel as if heavy weights were pulling down on the nerves of the stomach are "bearing-down pains". They may not be particularly severe at present but they are growing worse. That headache which nearly drives you distracted now is caused by the terrible

nervous tension. The nerves soon begin to give way under the strain. You perhaps jump at any unusual disturbance, or laugh or weep hysterically, or at no apparent cause. That is what Miss Fay Lee, 608 1/4 North Seventh Street, Kansas City, Kansas, was coming to when she rescued herself by taking Wine of Cardui. The Wine made her a strong, healthy woman again, as it has made a million other women strong and healthy. By inducing regular menstruation the entire system is relieved of the terrible wasting drains. The ligaments which hold the womb in place are strengthened by a healthy flow and that organ is returned to its normal position. Returning health is the result. This is what Wine of Cardui has done for thousands of the best women in America.
